WM. A. HUNTER NOW ON TRIAL

Court Overruled Demurrer to Indictment Today.

Former Licking County Man is Accused of Defrauding Philadelphia Insurance Company.

The trial of William A. Hunter the former Licking county man who was arrested in the south for defrauding the Fidelity Mutual Life Insurance company of Philadelphia out of $15 000 insurance, is now on at Dallas, Texas.

A special telegram from Dallas to the Advocate today says that the past two days were occupied in arguing a demurrer to quash the indictment. This demurrer was today overruled and the case proceeded this afternoon hotly contested with the best criminal lawyers in the state engaged on either side. This is the first case, says this dispatch, of this kind to be tried in Texas.

It will be remembered that Hunter, who formerly lived at Homer, Ohio, went to Texas and bought insurance. Shortly afterward he disappeared and left evidence to indicate that he had fallen into a river. Later he was seen at Nashville, Tenn., but notwithstanding the case was carried through the courts and the company had to pay. A sister, Mrs. Jennie Smythe, of this city, was one of the beneficiaries. It is allged that Hunter did not think he was committing a serious offense when he disappeared and allowed the beneficiaries to collect the insurance.

FIVE PEOPLE BURN TO DEATH

Fire Destroyed New York Block Today.

Practically the Entire Family of Nathan Frey Perished—Four Others Badly Burned.

Mt. Vernon, N. Y., April 6—Five people were burned to death and four others were burned, one fatally, in a conflagration which destroyed Columbia hall, an apartment house and business block, shortly before 5 o'clock this morning. Practically the entire family of Nathan Frey perished in the flames. The dead are:

Nathan Frey, 45 years old, shoe dealer.

Isadore Frey, 11 years old, son of Nathan.

Henry Frey, 3 years old.

Helen Frey, 8 years old.

Bessie Doring, a maid.

The injured are: Mrs. Nathan Frey, fatally burned; Mrs. A. T. Birney, hip fractured; Mrs. Louis Levine, inhalation of smoke and fumes, and Mrs. John Morris, unconscious. The building was frame.

PAGE MURDER IS MYSTERIOUS

All Clews Have Thus Far Ended in Failure.

A Sensational Incident is the Announcement of the Man Who Embalmed Girl's Body

Boston, April 6—Notwithstanding the activity of the police, the mystery surrounding the murder of Miss Mabel Page remains as deep today as on Thursday last, when her body was found in her home in Weston full of stab wounds. Many clues have been investigated, but all thus far have ended in failure.

The most sensational incident connected with the investigation of the crime is the announcement of John A. Bruce, who was called to embalm the body of the murdered woman. He said that he had found evidence in the house that strongly pointed to a certain person. Mr. Bruce would not say what evidence he had found to prove his assertions but said he had turned the facts over to Detective Whitney. He asserts, however, that there was a motive for the crime and that it was a rational one. The woman was killed for the purpose of removing her from someone's path. The evidence submitted by Bruce is being investigated by Detective Whitney.

Mr. Bruce gave a detailed account of how he found the body and the nature of the wounds. Continuing, he said:

"The note which was found down stairs was not written by Mabel Page, but by the murderer. She wrote a regular hand that was easy to imitate and the murderer had plenty of Mabel's handwriting. The note was simply left to gain time, the murderer thinking the girl's father would not go in search of his daughter after reading it.

"As to the personality of the murderer, the girl believed this person to be her friend and had not the slightest suspicion that the person who committed the crime bore her any ill-will. As a matter of fact, there existed a powerful motive for the crime, and the murderer, in the guise of a friend, followed the program unrelentingly."

Much time has been spent in searching for the pencil with which the note was written. No one can remember having found a pencil lying about after the discovery of the crime. This missing trifle may have an important bearing upon the case.

TODAY

Diplomatic Relations Between Turkey and Bulgaria May be Broken.

Vienna, April 6.—(Bulletin)— The Sofia correspondent of the Tageblatt wires that diplomatic relations between Turkey and Bulgaria are liable to be broken off today.

Premier Petkoff, he says, after a conference with Prince Ferdinand yesterday telegraphed M. Natchovitch, the Bulgarian envoy at Constantinople to leave the Turkish capital today if the Turko-Bulgarian agreement was not signed.

MR. ROOT

Will be the Temporary Chairman of the Republican National Convention This Year

Washington, April 6—Former Secretary Root has been practically determined upon for the post of temporary chairman of the Republican National convention.

SECRETARY ELIHU ROOT.

Senator Platt, of New York, had a conference with the President this morning during which the matter was taken up and after he left the President's office said that he thought Root would be the man. Senator Platt as well as Senator Depew who was at the White House later, did not take much stock in the suggestion that General Horace Porter is being groomed by the Republican machine for the governorship of New York. "He is a splendid man," said Depew, "but will not appear as a candidate."

The Charge of Murder

Cincinnati, April 6.—Lizzie Kroger, 20, was arrested late Tuesday evening at home of her father in Covington, Ky., on a warrant charging her with murder. She is accused of having caused the death of her newly born babe.

Commercial failures to the number of 11,641 were reported in Germany in 1903. The average amount of each failure was $10,856.

CONVENTION AT MARIETTA

To Select Successor of Mr. Van Voorhis.

The Result at Press Hour is Doubtful —Dawes and Browning Are the Leaders.

Zanesville, O., April 6—About 300 Browning boomers are in Marietta today to attend the Republican congressional convention. Browning expects to control 64 out of Muskingum's 66 votes and believes he will be nominated. S. A. Weller is not a candidate. He says he would not take the nomination if it were tendered him.

Just Before Battle

Marietta, O., April 6—This morning nobody can tell what the result of today's congressional convention will be. Browning of Zanesville has 64 votes sure and Dawes of Marietta has 50. C. H. Dunn with his little 23 votes seems to hold the key to the situation.

The field is arrayed against Muskingum county and the fighting is bitter. Browning cannot get enough votes out of either of the other counties to land, but he will do anything to keep the prize away from Dawes. Dawes has the administration strength, but whenever Browning throws his support to Dunn or Morris, of Noble, it's all up with Dawes.

Many of the delegates pledged to local candidates have declared for Dawes for second choice. Dawes figures 64 of these in addition to the 50 from Washington county, but Browning takes the same delegations and figures out 49 to his 64 faithful.

There were a number of meetings last night, conducted under direction of the Browning leaders, in the hope of agreeing on some plan of compromise, but none of these were successful. S. A. Weller, who had been mentioned as a possible "dark horse" is on the ground working for Browning. Private Dalzell of Washington, D. C., is in the hotel lobby, jokingly offering to volunteer as a candidate whenever the leading candidates decide that they need help. There is no dark horse talk however.

An air of mystery has clouded all the actions of the Congressional Committee ever since Congressman Van Voorhis cast his lot with the Dawes candidacy. There was considerable criticism offered against the exception made for Washington in the manner of selecting delegates, and a wail went up from the Browning headquarters because the committee delayed its action in naming a temporary organization. C. T. Marshall, of Zanesville, was thought to have been slated for temporary chairman, but at 10 o'clock last night a switch was made, and this honor was conferred upon James Joyce, the Dawes leader, in Guernsey county. He will be made permanent chairman, for Dawes will have no difficulty in controlling the organization of the convention.

The Browning and Dawes supporters, with their allied forces, are occupying different hotels, and the sort of campaign which was carried on throughout the night is an indication that the convention today will be a warm one.

The Sandusky P. O.

Washington, April 6.—Senator Foraker and Congressman Jackson were at the White House today for a conference regarding the Sandusky postoffice. They received assurances that Postmaster Charles Lehr, a Foraker man, will be re-appointed probably before the end of this week.

Overcome by Gas.

Philadelphia, April 6.—Edward Hammond, aged 28, Jacob Hammond, aged 20, and Oscar Severson, aged 20, were found dead in bed this morning at 505 Richmond street. They were overcome by illuminating gas. No suspicious circumstances have been disclosed.

Queen Isabella Ill.

Madrid April 6—Former Queen Isabella, of Spain, is ill with influenza. Considerable anxiety is felt regarding her condition owing to her advanced age.

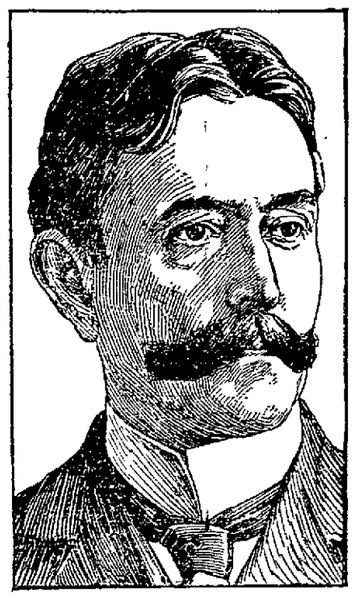
SENATOR BURTON IS SENTENCED

Six Months in Jail and a Fine of $2500.

U. S. Senator Trembled in Every Limb as the Court's Sentence Was Pronounced.

St. Louis, Mo, April 6—(Bulletin)—United States Senator Burton of Kansas, was today sentenced to six months in the Iron county, Missouri, jail and was fined $2,500.

The specific charge regarding which Burton was sentenced was using his official position as Senator to shield the Rialto Grain and Commission company of St. Louis, a "get rich quick"



SENATOR JOSEPH R. BURTON.

concern, from the postal authorities. In sentencing him Judge Adams said: "The sentence which I impose on you is light in comparison to the crime you have committed. But because this sentence will prevent you from ever holding public office again, I believe you will find the penalty severe enough."

Senator Burton trembled in every limb when the sentence was pronounced.

Joseph Ralph Burton, Republican, of Abilene, Kas., was elected to the United States Senate to succeed Lucien Baker and took his seat March 4, 1901. His term of service would have expired March 3, 1907.

ROBT. STARR

WILL BE TEMPORARY CHAIRMAN OF CONVENTION.

Which Meets in Columbus on May 24-25—Will be 723 Delegates in the Convention

Columbus, April 6—As wired the Advocate yesterday the Democratic State Convention will be held in this city Tuesday and Wednesday, May 24 and 25. It will be presided over in temporary meeting by Robert S. Starr, of Williams county; W. G. Beebe of Mt. Gilead, will be the secretary, and Joseph Goldsoll of Cleveland the sergeant-at-arms. The convention will be made up of 723 delegates, chosen upon the apportionment of one delegate for every 500 votes, or fraction over 250 votes cast for Tom L. Johnson for governor in 1903.

This expresses in concrete form the results of the meeting of the Democratic State Central committee, held in this city, at the Neil House yesterday afternoon.

Cleveland's Views.

New York, April 6—Grover Cleveland, former President of the United States, says that Judge Alton B. Parker is a fit representative of safe, conservative, Democratic principles. In a prepared statement to the New York World Mr. Cleveland says that Judge Parker's candidacy marked the "prospect of the party's return to sanity and patriotic effort."

About ten thousand carloads of potatoes were shipped from Greeley, Weld county, Col., during last fall and winter to all the principal markets in the United States.

HYPES ELECTION BILL REPORTED

A Proposed Amendment on Taxation.

Bill of Interest to Clerks of Courts—Measures Passed by the Ohio Senate.

Columbus, April 6.—The Hypes elections bill was reported favorably to the Senate by the committee on privileges and elections. The backers of the Harvey election bill were greatly wrought up, and say that this is a deliberate attempt to kill the Cleveland measure.

Senator Godfrey of Putnam offered in the Senate a joint resolution, by request of the Ohio state board of commerce, providing for the submission to the electors of the state at the November election of 1905 of a constitutional amendment on the subject of taxation.

The resolution substitutes for the existing sections 1, 2 and 3 of article 12 the following:

Section 1. The power of taxation shall be exercised for necessary public purposes only. Valuations for and rates of taxation shall be just to the subject taxed and uniform for all subjects in the same class within the jurisdiction of a taxing body.

All public funds derived from taxation, or otherwise, shall be accounted for by an accounting system which shall be uniform for all accounts of the same class, and shall be prescribed by the auditor of state, or such other official as the general assembly may designate.

Sec. 2. The general assembly shall classify subjects for taxation and shall include in the same class all subjects of like character, or having a common taxable basis, and every classification shall remain in effect 10 years.

The general assembly shall fix a minimum rate at which the subjects included in each class may be taxed for local or for state purposes, and may from time to time after the same. Subjects for taxation shall be so assigned to local taxing bodies, and to the state, as to prevent the direct taxation of the same subject by more than one taxing body.

Sec. 3. But buying ground, public school houses, houses used exclusively for public worship, institutions of purely public charity, public property used exclusively for public purpose, and personal property to an amount not exceeding in value $200 for each individual, state, municipal, county, township and school boards, may, by general laws, be exempted from taxation, but all such laws shall be subject to alteration or repeal.

No resolution was referred to the finance committee.

The Senate taxation committee favorably reported the Bruce bill empowering county auditors to list for taxation the property of all interurban and suburban electric street railway lines for taxation upon the same basis as steam roads are now listed.

The auditors of the counties through which any such road extends shall comprise the board of appraisement. The state board of equalization is also authorized to equalize any such assessments made by the board of county auditors the same as in cases of steam roads.

Mr. Chamberlain of Lorain, introduced a bill that will interest clerks of courts throughout Ohio. It will make legal all such fees as have been charged by clerks of common pleas and circuit courts for docketing, indexing, etc., in all cases coming into such courts, for which there has been no legal authority and which the bureau of uniform accounting has declared invalid. These charges have been made continuously for years without question, except by the bureau since its establishment. The bill repeals section 1250-1-2 and 3 of the revised statutes.

The Senate passed these bills:

By West of Logan—Regulating fraternal beneficiary associations, being a complete codification of the laws governing such associations, throwing additional safeguards about the organization of new companies to have at least 500 members at the organization.

By Carson of Greene—Fixing the salaries of matrons of the Ohio Soldiers and Sailors Orphans' home at Xenia at $10 a month, and salaries of teachers at $35for first year and $40 thereafter.

By Heinlein of Belmont—Appropriating $35,000 for the purchase of a site for the establishment of a tuberculosis hospital, the site to be selected by a commission comprising the governor, the attorney general, the state auditor, secretary of the state board of health and one person to be named by the governor. Traveling expenses only are allowed the members of the commission.

By Bruce of Lawrence—Providing a fine of $100 and penitentiary term of one year for anyone voting at a primary of any party other than that which he is affiliated, and for anyone who asks or demands any remuneration or offering for his support or influence from any candidate, either before a primary or an election.

The Houck marriage law passed the House, but was so amended that it contains now only certain prohibitions. It forbids the issuing of licenses to persons who are imbecile, insane, epileptic habitual drunkards, or who are under the influence of intoxicants or narcotics when they apply for license.

The House indefinitely postponed the Heinlein divorce bill.

WOUNDS

Of a Frightful Nature are Inflicted Upon Jews in Bulgaria.

Berlin, April 6.—Additional private advices today from Bulgaria, where anti-Semetic riots were reported yesterday, state that he mob inflicted injuries on their victims resembling those of Christ. They gashed the sides of the Jews, drove nails in their hands and feet and placed crowns of thorns on their heads. The authorities took energetic measures to crush the outbreak. The Bulgarian governmenthas suppressed the news, trying to prevent the antagonizing of international Jewish financiers, who frequently handle Bulgarian loans.

MORGAN

Sailed for Europe Today but Declared He Would be Back in America Next June.

New York, April 6—J. P. Morgan, accompanied by Miss Morgan, sailed today on the White Star liner, Oceanic, taking occasion to emphatically deny any intention to permanently locate abroad. To further strengthen the denial that he would not locate permanently abroad, Mr. Morgan said that he has made arrangements to return here in June.

J. PIERPONT MORGAN.

Dog Meat is Barred.

St. Louis, April 6—The Humane Society of St. Louis has established detectives to watch the Filipino colony on the fair grounds, and promises to prosecute any attempt of the natives to kill dogs for food. If they must have dog meat, say the officers, they will have to import it in cans from the Philippines. John H Fennill, special agent of the society, says he was offered a bowl of dog soup by the colony's cook, but declined it.

Captured on Trestle.

Coshocton, O., April 6—Midway on a trestle a mile long over a flooded river officers Tuesday captured Adam Potter and Wm Wilan, who broke jail here three weeks ago. The men have been hiding up the canal and came to town after provisions.

SPRINGFIELD GAURDSMEN

To be Investigated by the Governor's Order.

Alleged That Some of the Militiamen Were in the Mob That Lynched a Negro There

Columbus, O., April 6—The conduct of officers and enlisted men of the Springfield organization of the Ohio National Guard during the recent riot in that city is to be investigated by order of Gov. Herrick. There may be some commissions lost, court martial or even penitentiary sentences as a result of this inquiry. This morning Adjutant General Critchfield sent to Springfield an investigating board consisting of Brigadier General John C. Speaks, Colonel Edward Vollrath and Colonel Charles F. Hake. Captain Mijetus Gamer is detailed as recorder of the board. The board was instructed to begin investigations at 1 o'clock this afternoon. There have been reports that officers of the Springfield organizations of the guard did not make a proper effort to get out their commands when they were ordered on duty to suppress disorder. It is also alleged that many of the enlisted men refused to respond to the call to duty, and more than this, that some of the guardsmen were actually in the mob.

BIGGEST WELL IN THE FIELD

Gusher Struck by Logan Co. Near Appleton.

Storm Played Havoc Near the Village. Barn Struck by Lightning and Destroyed.

Appleton, O., April 6.—The Ohio Fuel company drilled in the Davis well Friday night, and it is said to be the largest well in the field. Another well will be drilled in on the same lot. It is said that this company expect to put down a large number of wells this summer.

One of the worst storms that has visited this section was that of last Thursday night. The rain came down in torrents, and in an incredibly short time the streams were out of their banks, the water sweeping everything before it. A number of bridges were torn from their moorings, while the roads were all badly washed. Lightning struck the barn belonging to Levi Shaffer, a short distance south of town, and the structure and all its contents consisting of one horse, a new wagon, mowing machine, hay rake, ten tons of hay, besides numerous other articles, including a number of chickens, were caught by the fire. About twenty head of sheep belonging to John Edwards, also burned. Mr. Shaffer carried an insurance of $500 on the barn and contents, which will not begin to cover the loss.

SUBWAY BLAZE FUSED THE WIRES

New York, April 6.—A blaze in the sub-way this morning at the corner of Fulton and Broadway, fused all the telegraph and telephone wires leading north and put a stop to communication. The newspaper offices were suddenly cut off and all messages up town were delivered by carriers. New York telegraph matter is now coming direct from the Western Union main office. The financial damage will be light, but the delay to the Western Union and its customers was widespread and annoying.

Between U. S. and Cuba.

Washington, April 6.—Secretary Hay and Senor Quesada, the Cuban minister, this morning signed a treaty for the extradition of criminals between the two countries represented. The new treaty is very broad in its provisions. It was practically drafted by the state department.

Day of Adjournment.

Washington, April 6.—A resolution will be introduced in the senate this week, fixing April 20 as the date for the adjournment of congress.

It is an unfailing remedy for BALDNESS, FALLING HAIR, DANDRUFF and all scalp diseases. It will grow hair on any head unless the roots are utterly destroyed.

FINEST HEAD OF HAIR IN ERIE.

Years ago my hair began falling out. I consulted in time various experts on the hair and scalp. Under all this treatment the loss of my hair continued. Then I began the use of a number of so-called Hair Restoratives, but all to no avail, by this time you could see the bare top of my head across a room. Luckily for me I began the use of **Natural White Oil** and to my surprise, after using it one month, my hair ceased falling out entirely. I continued using the **Natural White Oil** and a most immediately noticed that it was promoting the growth of the hair. I continued its use for six months, by that time my growth of hair covered my entire baldness. I now have as fine a head of hair as any man or youth in Erie, Pa. I consider **Natural White Oil** the most wonderful product for all hair and scalp diseases in the world. I recommend it to all my friends and also to strangers at every opportunity. For cleansing the scalp of crusts, scales and dandruff and promoting the growth of hair, it has no equal. Yours truly, LOUIS GALMISH, Proprietor of Hotel Allen, Erie, Pa. CHAS. BALL

Saloonkeeper Discharged by the Mayor —The Testimony Showed He Was Not Guilty.

Charles Ball, a saloonkeeper of Spencer street, was discharged by Mayor Crilly Tuesday afternoon at his trial for stealing over $100 from Osear Watkins, who lives near Brownsville.

The testimony showed that Watkins came into Ball's place drunk, and was flourishing a shot sack containing considerable money; that Ball finally took it away from him and put it on a shelf, back of the bar, saying as he did so that Watkins could have it when he got sober. Several witnesses testified that when Watkins left the saloon at 9 o'clock, Ball put the money in his vest pocket, and if it was lost, it was after he left the Ball saloon.

BOY'S BIG FALL

Clarence McDonald a boy aged about six years, whose home is on Jefferson street, met with an accident Wednesday that came near resulting in his death. He was walking along the stringers of the aqueduct spanning the Raccoon creek when he lost his balance and fell into the creek below, a distance of 25 feet or more. Fortunately he alighted in the water and escaped serious injury. A man who happened to be passing by at the time, witnessed the accident and sprang into the water and rescued the child.

THE CELLAR.

A Place Where Perpetual Cleanliness Should Reign—Often a Death Trap.

"It isn't typhoid, malaria, grip or spring fever half so much as decayed vegetables in the cellar," said one physician to another when called in consultation over a severe case of fever.

It is a popular notion that the cellar should be cleaned in the spring cleaning time, but by spring the seeds of disease and death may have been sown, and cleaning comes too late to save the life of some member of the family.

Cleaning the cellar should be a weekly affair, but with the breaking up of cold weather greater attention to its condition is required.

Decayed vegetables should not be allowed to remain one hour, and all specked or spotted fruits should be removed.

The cellar should receive a daily airing. This does not mean to leave the windows open long enough to freeze the vegetables and fruit, but in the severe cold weather let the windows be opened to allow a circulation of fresh air and closed quickly.

Jars, pots and barrels should be thoroughly cleared before putting away, and untiring watchfulness should preside over this portion of the house.

In the spring the walls should be swept down, sprinkled with water and a little sulphur be burned in the cellar.

Upon a pan of ashes, hot or cold, place a tablespoonful of sulphur in a little heap. Touch a lighted match to it and leave it to burn. It will slowly consume and will kill all unpleasant odors and disease germs.—Table Talk.

Cleaning Furs.

Furs dark in color may be cleaned first by brushing them well with a switch, after hanging over a line, then by rubbing well heated cedar or mahogany sawdust into the fur and brushing out again. The best way to remove the same after the cleaning is done is to put the fur side down on feather pillows and beat thoroughly or until all dust is removed.

If the furs are soiled at neck or wrists, they may be cleaned with gasoline—of course in a room or outdoors, where no fire is.

White furs may be cleaned with hot cornmeal (white), the same being rubbed into the fur as described above for the dark furs with sawdust. Both the dark and white furs should be hung outdoors in a shady place after cleaning.

Magnesia may also be used for cleaning light colored or white furs. It should be used in cakes and the cake rubbed upon the fur.

Rice Mold With Maple Sugar.

Wash well one cupful of rice, drop into boiling salted water and keep at a galloping boil until the grains are tender all through. This will take about from twelve to eighteen minutes, according to the variety of rice. Drain, place in a saucepan with one-half of a cupful of milk and one-quarter of a cupful of cream and cook very slowly until the liquid is absorbed. Have ready a buttered mold. Fill this with the rice, tapping it sharply from time to time that the rice may settle well. Stand in the open oven for five minutes, then turn out on a heated dish. Serve with an abundance of good butter and scraped maple sugar. This is an old New England dish and a very good one, says Table Talk.

Creamed Cabbage.

Chop part of a solid head of cabbage fine in the chopping bowl, put it into a kettle with a cup of hot water, and keep covered and cook quickly. When tender, drain off the water, if any remains; season with butter and salt, then add a cupful of sweet cream; if you have no cream, stir in two spoonfuls of flour in cold milk until smooth, then add a cupful of milk and stir all in the cabbage; remove and serve.

A Table For a Boy's Room.

This table, illustrated in the Ladies' World, is for the boy's room. Get two shoe boxes at the shoe store and stand them on end a little way apart. Make a top to go upon these of a size so that the ends and edges will project two or three inches over the boxes. The top should have a rectangular piece of dark green cloth glued to it in the manner shown, leaving three inches or more of the wood to show all about the cloth. The wood can be

stained a cherry color if desired. The interiors of the boxes are now to be fitted with a number of drawers, drawer "pulls" being placed upon the front of them and the whole front and sides of the boxes being stained the same color as the top. This will make a fine writing or reading table, and the drawers will be most convenient for holding the boy's treasures—writing material, "collections" of this, that and the other thing, his camera and photographic material. Oh, there will be plenty of things to put into those drawers!

ANNUAL STATEMENTS

Corporations Will Be Compelled to Make Them, If This Bill Becomes a Law.

IT CREATES A STATE COMMISSION

Latter Will Have Power to Fix Rates For Street Railway, Electric Light and Gas Corporations and Grant Franchises.

Columbus, O.—(Special.)—The legislature will be asked to pass a law creating a state commission to fix rates for street railway, electric light and gas corporations, and to renew and grant franchises when councils and the corporation can not agree. The proposition has been very generally considered, but until a statement covering the features of the proposed measure was issued, the discussions were not to the point.

It created a surprise here when it was learned that the proposition met with favor from so many of the legislators, in view of earlier criticisms. It is explained now that the criticism was aroused because the features of the bill were not known.

There is no doubt that if the bill had been introduced as an anti-corporation act it would have met with the instant favor of everybody except corporations, for it compels them to make annual statements, which the state has been endeavoring to secure. And even now the most apparent opposition comes from corporations that object to this and other points of the bill.

The essential features of the bill are as follows:

"It is provided that there shall be a board appointed by the governor, to consist of three members with a five-year term of office, to be known as the board of control of public service corporations. Such corporations being designated in the act as street railroads, interurban railroads, artificial gas, electric light, heat, power and water companies. The salaries of the members are $6,000 each, and these salaries and expenses of the board are to be entirely borne by the companies subject to the act by equitable assessment as between different companies.

"The general powers of the board, as defined in the act, and which are to be exercised subject to various initial steps to be taken by municipalities and county authorities, are: First, to regulate the rates of fare and other charges; second, subject to the act of municipal authorities as provided in the act to authorize the construction, maintenance, extension and operation of plants and systems.

"Absolute authority is given to this board to fix rates of fare and other charges to be made by the various corporations, and upon application at any time from a municipality or a corporation affected by the act and upon a public hearing the board is required to establish reasonable rates of fare and other charges, which the company concerned may make until other rates of fare and charges are established by the board upon similar hearing. In fixing the rates of fare and charges, the board has full authority to make complete investigation by the summoning of witnesses, etc., and is required to take into consideration the right of the public to good service at reasonable rates, and all such other items as the board may consider essential in determining a reasonable rate of fare or charge. No attempt is made by the act to effect existing contracts between companies and municipalities or other authorities, but any new corporations, and all existing corporations as respects future operations under any new contracts, are made subject to the provisions of the act. All such companies are required to make an annual report giving full information as to capital, indebtedness, officers, rates of fare, income and expenses, dividends and such other information as the board may find necessary in the performance of its duties. As respects new enterprises, the extension of present lines or plants, it is required that application shall, in the first instance, be made to the board for investigation as to the public interest to be subserved by such new enterprise, and if the board upon hearing determines that public interest will be subserved, it shall so certify, and thereupon application shall be made to the municipality for its consent. Then the municipality is authorized to give such consent and to fix the terms and conditions of such grant subject to the approval of said board, and as respects new street railroads and enterprises, the consent of the municipality must be obtained, and the question of the rate of fare to be charged must in the first instance be determined by the municipality upon competitive bidding and the grant made only to such company as shall offer to carry passengers at the lowest rate of fare. Its provisions in this respect being substantially the existing statute.

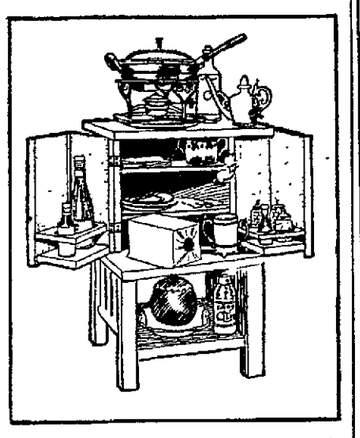
"As respects new street railroads, the consent of property holders upon streets and highways must be obtained as is required by statute."

HOUSEHOLD DEVICES.

Cabinet For the Chafing Dish Outfit. Individual Breakfast Set.

An occasional indulgence in some new article for the table or the house adds zest to housekeeping and keeps up one's interest while attending to many tedious and irksome duties, suggests the Boston Cooking School Magazine in illustrating some of these.

A chafing dish cabinet is a convenience in any home where chafing dish cookery is often indulged in; but it will be found of especial delight to the bachelor, man or maid, whose house furnishings in the way of buffet



CHAFING DISH CABINET.

and storage closet are limited. In designing the cabinet the architect planned that every available inch of space be made useful. The doors are admirably adapted to carry out this idea, the shelves with which they are fitted being perforated with holes of suitable sizes to hold the bottles of condiments so necessary to a complete chafing dish outfit. When the doors are closed all food supplies are shut out from sight and from floating dust.

The individual breakfast service comes in pretty but inexpensive chinaware or in ware "costly as thy purse can buy." A veritable boon is this service to the hostess discommoded by the presence of a guest at the necessarily early family breakfast. Rare is the guest or member of a family who would not feel himself flattered to be told on retiring that when breakfast was ready it would be served in his room or in the adjoining den or even in the serving room, carefully aired for the occasion. Who would not be glad to escape attendance when the children are being started for school and the adults to town? Who wishes to hear or have others hear the admonitions to Jane or the commissions to John that must be attended to the instant he arrives in town? If the individual breakfast service will simplify matters, by all means let us have it.

THE NEW COATS.

Picturesque and Modish Little Affairs—The Cut and Color.

Puce color, that delightful old world tone, has been revived. It is a success where the wearer can live up to all the requirements of so distinctive a hue, and it calls up quaint visions of Louis XVI. coats in velvet or cloth enhanced with sleeve ruffles and jabots of old lace. Such a vision is materialized here in the sketch of an early spring coat. Embroidered cloth applique picked out with gold relieves the severity of coat outlines, and the deep cuffs with wide lace ruffles and the Louis jabot add a further softening grace.

The bolero pictured is more than half pelerine, a modish little hybrid affair suitable to either cloth or velvet, and open to any amount of extraneous adornment.

The last word in regard to coats comprises a three-quarter sack, set

CHIC SPRING COATS.

slightly full from the shoulders, with sleeves modeled close-wise in one with the body, of soft cloth in some one of the new strange apple greens, hussar blues or that inevitable ecru, elaborately inlet at the hem of the coat to the depth of eighteen inches or more with woolen lace, which latter invariably harmonizes with the cloth.

For a Bruise.

To prevent a bruise on the flesh from becoming discolored apply immediately a cloth wrung out in water as hot as can be borne, changing the cloth as soon as it loses its heat. If hot water is not to be had, moisten some dry starch with cold water and cover the bruised part with the paste thus made.

To Remove Paint From Glass.

In order to remove paint from windows take strong bicarbonate of soda and dissolve it in hot water. Wash the glass with this, and in twenty minutes or half an hour give it a good rubbing with a dry cloth.

PAINE'S CELERY COMPOUND.

"I wish that I could tell every woman in the land how much Paine's Celery Compound will help them.

"I can never thank the friend enough who told me to try Paine's Celery Compound. I had almost given up in despair, I was so nervous, tired and run down. I had no appetite, was constipated and could not sleep.

"I got one bottle, and when I had taken half of it my bowels were regular, my appetite came back and I commenced to sleep well. Now when I overwork and begin to get nervous and cannot digest my food properly I just take a few doses of Paine's Celery Compound and am all right again.

"It is the most wonderful restorer in the world." Before I learned what Paine's Celery Compound would do I had tried all kinds of medicines and nothing had helped me."—Mrs. Nellie R. Baker, Springfield, Vt., Oct. 10, 1903.

Paine's Celery Compound is best advertised by the men and women it has cured. The fame of this celebrated Nerve Vitalizer and Blood Tonic has been spread to every city, township, and farm in the nation—by the word-of-mouth recommendation of grateful patients. Is there one other remedy in the world today that point to success based on such fame?

* "Trace every disease, blood trouble or pain to the TRUE CAUSE. Pain is only the sign or symptom. It is idle to treat the pain itself. The only true cure for blood impurity or suffering is the cure that CURES THE TRUE CAUSE—Weakness of the INNER Nerves."

—Prof Edward E. Phelphs M. D. LL. D., of Dartmouth University—Famous Discoverer of Paine's Celery Compound.

The blood and all the organs of the body depend on the INNER NERVES, and Paine's Celery Compound gives the blood and the nerve system the strength to MAKE all the organs work in health and harmony.

THE RAILWAYS

Has Been Abandoned.

Salt Lake City, April 6—Following the recommendation of active construction of the San Pedro, Los Angeles and Salt Lake railroad to Southern California, the building of the Western Pacific road, which was to run to San Francisco via the Beckwith Pass route, has been, at least temporarily abandoned at this end of the route. The three corps of engineers who have been engaged in running a line through Nevada have been laid off.

Lines West.

The Pennsylvania lines west of Pittsburg for the month of February show an increase in gross earnings of $287,100, an increase in expenses of $195,400, and a decrease in net earnings of $208,300. From January 1 gross earnings show a decrease of $45,600, expenses an increase of $547,600, and net earnings a decrease of $592,600.

Pan Handle Conductor Bull had charge of the first section of No. 3 on Monday night. The second section consisted of a special officers' train.

There are various measures proposed in Congress or discussed by public men for the government of the canal zone on the isthmus when the United States asserts jurisdiction. In time it may probably prove to be the most important "zone" of ten miles in the world. One bill introduced in the Senate places the entire charge of the zone in the canal commission, which will levy taxes, lay down laws for the general government of the district, regulate its policing, its expenditure and its sanitation. This virtually creates an absolute system under the direction of President Roosevelt, who has an undoubted liking for absolute power. A bill for the government of the zone, introduced in the House by a New York Democrat, proposes quite a different plan. It proposes a commission of twenty members, half of whom shall be Democrats, and a technical board of army and navy officers as advisers; provides for letting of contracts by open and public bidding and constitutes a United States district court, with direct appeal to the supreme court as the highest tribunal of the isthmus zone. This bill probably stands no chance of passing, as it is not partisan enough, but it is easy to see that it is the better bill. Certainly it has great advantages over the Senate committee bill, which creates a system of partisan absolutism.

OFFICERS

INSTALLED BY NEWARK ELKS ON TUESDAY NIGHT

After Which the Lodge Presented Warren Brown With a Handsome (Leather) Medal

At the meeting of Newark Lodge, No. 391, B. P. O. E., held on Tuesday night, the officers for the ensuing year were installed by Past Exalted Ruler W. D. Fulon, as the representative of the Grand Lodge, as follows: Exalted Ruler, E. T. Johnson; Esteemed Leading Knight, G. E. Graeser; Esteemed Loyal Knight, R. W. Smith; Esteemed Lecturing Knight, A. C. Davis; Secretary, George H. Woods; Treasurer, E. W. Crayton; Trustee, W. H. Kussmaul; Tyler, J. W. Allen. The newly appointed Exalted Ruler appointed W. E. Foley as Esquire, and W. B. Sargent as Inner Guard. One of the features of the evening was the presentation by P. B. Smythe, on behalf of the lodge of Mr. Warren Brown of a handsome testimonial of their appreciation of his services in extinguishing a fire in the kitchen of the lodge room on the evening of February 29. The testimonial was in the shape of a handsome leather medal. Mr. Brown was so overcome with emotion that he was unable to respond.

PEACH CROP

Will Not be Very Good This Year is the Opinion of Those Who Ought to Know.

The unusually severe weather of the past winter has had its effect on fruit in this section and particularly has the prospect for a good peach crop been lessened. Prof. W. D. Green, horticulturalist at the United States experiment station at Wooster, Ohio, reports that with the exception of peaches the fruit trees in general passed through the winter in good shape. He says that particularly in the central part of the state has the peach crop been damaged. Among local peach growers the general opinion is that there will be from one-third to one-half a crop.

The greatest peach growing community in this section is near Frazeysburg. In the season of 1901 growers from that section shipped 200 car loads.

M. C. Starner, one of the most extensive brokers of that section, stated to a Zanesville Signal reporter Saturday that the general opinion among the Frazeysburg growers was that one half of the crop and probably more had been killed. The severe winter weather had its effect on the peach trees of the lowlands, damaging them to such an extent that they will not bear at all this season. No trees on the higher ground were affected. Hence their yield, it is expected, will reach the average.

Six years ago says Mr. Starner, the extremely severe winter damaged the peach trees to such an extent that they have never since then fully recovered, as it were, and so have not produced as they did prior to that time. Only once—in the season of 1901, as mentioned above—the yield reached the average and growers do not expect the crop will soon reach that mark again. That year was exceptionally a favorable one.

JAPANESE TORPEDO BOAT DESTROYER CRUISING NEAR PORT ARTHUR.

Life on a torpedo boat destroyer in time of peace when the weather is warm is unpleasant and dangerous enough, but in a winter campaign the situation is well nigh intolerable. AUDIENCE

FILLED TAYLOR HALL TUESDAY EVENING.

The Hospital Benefit Given Under Miss King's Direction a Great Success in Every Way.

Taylor Hall was crowded to suffocation Tuesday night. This condition was brought about by two causes, first an absolute lack of ventilation, and second the size of the audience which had assembled to witness the entertainment presented by Miss Florence M. King, under the auspices of Hetuck Chapter, Daughters of the American Revolution, the proceeds going to the City Hospital, for which worthy institution a goodly sum was realized.

The entertainment consisted of two one act comedy skits, which were done with artistic grace by a cast of characters made up from some of Newark's best dramatic talent, who all came in for favorable comment.

The first was entitled "The Silent System," which had as characters Mr. and and Mrs. Brown, impersonated by Mr. Will Webb and Miss Florence King. The action of the piece was one of those domestic situations that are brought about by a loving but fretful wife, who has waited until a very late hour for the return of her careless spouse from a stag(?) dinner. From the time he enters the library at his home until the curtain falls on an entirely satisfactory denouement from an elocutionary standpoint, the piece was a monologue, while judged dramatically it was a personal triumph for Mr. Webb.

Miss King, as the wronged wife, began a tirade of scolding which never permitted the husband to say a word in his defense, although at times he made determined efforts. He finally succeeded in getting his wife's attention for a moment, when he gave her a jeweled bracelet and she immediately forgave all and fell into his outstretched arms.

Mr. Webb, during the entire sketch did not say a word, but his acting was most creditable, while Miss King's dramatic elocution was thoroughly artistic.

The second piece was entitled "Which is Which," and had the following cast:

Robert Capper (a young artist), much in debt), Parr Horatio Dole.

Mr. Gargle, (his uncle, Robert Kelly Jr.

Paddles (an oil and colourman), Frank Webb.

Anne (the heiress), Lucille Harrington.

Bertha (the poor relation), Mrs. Fred King.

Mrs. Mills (Capper's old servant), Mrs. John W. Thompson.

Scene—Capper's studio.

Mr. Dole was the principal actor in this sketch, and was on the stage practically all the time. His lines were given with a thorough intelligence and his acting showed true dramatic instinct. The part assigned Mrs. Thompson was that of the devoted but "fussy" old serving woman whose penchant for dusting and "cleaning up" was as much out of place in the Bohemian studio of the bankrupt artist, as a circus lithograph in the workshop of a Raphael. Mrs. Thompson did this part with just the right touch of comedy, which the audience was quick to discern and appreciate.

Miss Lucille Harrington as the lovely heiress, and Mrs. Alice Heisey King as the poor but beautiful relative were exceptionally good, and each looked the part she played.

Mr. Frank Webb has been before Newark audiences in the past and his work Tuesday night was up to his usual high standard.

Mr. Robert Kelly did what was required of him in a manner that was creditable to himself and entirely satisfactory to the audience.

The new male quartet, the Aerial rendered a selection between the two sketches which received a flattering encore. This quartet is a new organization composed of the following men: Jos. W. Horner, first tenor; Irwinn B. Warthen, second tenor; J. Howard Jones, baritone; C. J. Irwin, basso.

GRAND JURY

RETURNED FIVE INDICTMENTS WEDNESDAY MORNING

Mrs. Milton Stevenson Sues for Divorce—Day's Realty Transfers. Court House News.

The grand jury after having been in session for two days, completed its labors and made its report to the Court at 10 o'clock on Wednesday morning. The following indictments were returned:

Brady Ridenbaugh, burglary and larceny, four counts.

Fred Youse and Herschel Montgomery, assault with intent to kill.

Dennis Good, shooting with intent to wound.

M. Friedman, receiving stolen property.

George Hacket, shooting with intent to wound.

Suit for Divorce.

Jane Stephenson by her attorney, J. V. Hilliard, has filed a petition in the Common Pleas court asking for a divorce from her husband, Milton Stephenson. The parties were married May 28, 1881 and five children have been born of said marriage, viz: Martha, aged 20 years: Alice, aged 18 years; Minnie, aged 16 years; Grover, aged 13 years, and Emma, aged 10 years For cause of action the plaintiff charges the defendant with gross neglect of duty in abandoning them and leaving for parts unknown, failure to provide and extreme cruelty. Plaintiff asks for a divorce and that she be decreed the custody of their minor children and for all other relief.

Circuit Court.

The following cases were argued and submitted in the Circuit Court Wednesday:

Joseph B. Gaylord, administrator of the estate of Hiram H. Williams, deceased vs. the Central Ohio railroad company and the B. & O. railroad company, an action brought to recover damages. It is claimed that the railroad company was guilty of negligence which caused the death of Hiram H. Williams, west of this city some years ago. The case was argued on a demurrer to the petition. Fulton & Fulton: Kibler & Kibler.

The case of J. A. Chilcote vs. J. M. Ickes et al was argued and submitted. The suit was brought upon a note. Stasel; Flory & Flory. James.

In the case of Licking County Agricultural Society vs. J. F. Lingafelter, the court entered a decree enjoining the defendant from removing certain buildings, viz.: Dining hall and theatre building: buildings south of the road and east of the embankment at Idlewilde park. The court gave defendant the right to remove the other buildings in controversy. Motions for new trial were filed; 10 days allowed for filing of facts. Fitzgibbon, Smythe & Smythe, Webb.

The court divided the costs, saying that the plaintiff had claimed too much and the defendant the right to remove too much.

A Horse Case.

The case of Clarence Patton vs. H. W. McGrath was called before 'Squire J. R. Atcherley and a jury Wednesday morning. The plaintiff is captain of Battery B of Cincinnati ,and was in camp with his battery last August at Camp McKinley. The battery had a number of horses which were sold at auction, and McGrath bought a mare and horse at this time for which Patton claims he still owes $147. McGrath defends by pleading that Patton warranted the horses to be sound, good workers and of gentle disposition, but instead the horse was incurably lame and the mare a vicious kicker and runaway. Patton claims he did not warrant the horses, but distinctly told McGrath that he (Patton) knew nothing about them.

GLASSBLOWERS

Three Hundred Men are Idle as a Result of a Strike at the Reading Glass Factory

Cincinnati, O., April 6—Uearly 100 glassblowers employed at the Nivelson & Weiscoft plant in Reading threw down their tools and walked out of the factory yesterday. The strike compelled the factory to close down and nearly 200 other employes were forced to quit work.

The glassblowers claim that Wm. Grey, a blower, was discharged recently because of a personal enmity between him and Superintendent Marsh. Marsh discharged Grey, charging him with being intoxicated. Grey and his fellow workmen deny that he was intoxicated. Several meetings were held yesterday in an effort to settle the controversy. The men insist that Grey be reinstated and claim that they will remain out until this is done. The Reading council of the Glassblowers' union met nearly all day yesterday at Tammany hall. The members voted unanimously to strike.

Many persons who feel tired, nervous and all worn out—not exactly sick, yet far from well—seek the aid of a physician when what they really need is a simple tonic—something to brace them up.

People thus ailing should try Walther's Peptonized Port. Sold at Hall's drug store. It combines the richest old port wine with the very best pepsin It creates a natural appetite, tones up the stomach, cures dyspepsia and indigestion.

Many physicians prescribe Walther's Peptonized Port when their patients nede a dependable tonic.

TROUBLE

IN TRINITY CHURCH MAY GO BEFORE BISHOP.

Rector G. W. Van Fossen Politely Declined to Make a Statement at the Present Time

The account of the election of vestrymen at Trinity Episcopal church published exclusively in this paper on Tuesday evening has created much interest among those who were not already familiar with the proceedings.

One of Rector Van Fosser's closest friends said to the Advocate this afternoon that the statements made in the article last night were substantially correct but he thought the Franklin side had been given a shade the better of it.

It was not the desire of this paper to give either side any the better of it so far as the statement was concerned. The Advocate aimed to get at the facts and let the people draw their own conclusions. These columns are open for statements from both sides

It is a fact that the election was more like a political convention than a church gathering and it is true that there were many unpleasant things said and that many votes were challenged. Possibly the greatest excitement was caused when Lulu Lutz was brought forward to vote. Miss Lutz had only a few days before been fined by the Mayor and sent to jail. The Franklin faction opposed her voting but Superintendent Townsend and others insisted that she had a right to vote. Had Lulu Lutz not voted the result would have been a tie.

The Advocate asked Rector Van Fossen Wednesday if he had a statement to make and politely told him that these columns are open for any statement which he might care to make. Mr. Van Fossen stated however that he had nothing at this time to say. Mr. Benj. Franklin, when seen, also stated that he had nothing to say for publication.

It is altogether probable that the election will be contested, but this matter is not as yet definitely settled

A friend of the Trinity church rector pointed out to the Advocate today that the paper was wrong yesterday in saying that the election of Mr. Franklin as senior warden of the church meant the removal of the rector from the parish. The vestrymen, it is claimed, have no power of removal This right rests with the Bishop.

Yet another friend of the rector said Wednesday afternoon, that the vestry has the right to remove the rector. Which is right the Advocate can not at this time say.

OBITUARY

WM. A. DAVIES

Son of J R. Davies the Attorney Died Tuesday Morning at Spokane—A Model Young Man.

Word has come of the death of Wm. A. Davies, son of J. R. Davies, at Spokane, Washington, Tuesday morning at 3 o'clock. The news will surprise and shock the many friends that he had in the city and county.

He was born April 26, 1875, and so was not quite 25 years of age. He became a Christian and was baptized at the age of nine, graduated at Denison university in 1901. The next year he became instructor in the sciences at Williamsburg Institute, Ky.

He contracted a fever in August of 1902, from which he never fully recovered. Last summer he accepted a position as teacher at Butte, Mont., but soon found that he had not sufficient strength for the work and resigned his position. For the last five months he has been in the electric light business, mostly in the open air, and has reported a gradual improvement in health. But he was attacked by a carbuncle, which seems to have rapidly done its work and taken his young life.

He was as clean and pure and true as any young man who has gone out from Newark. His aim was high, his heart brave and sympathetic. As we have intimated his friends were many. His faith in his Lord was real and unfaltering. He was not afraid to live and not afraid to die.

MRS. ANN S. DAVY.

Brink Haven, April 6—Mrs. Ann Eliza Davy was buried here Monday afternoon. Services were held at the home of her daughter, Mrs. Jonathan House, where her death occurred, the Rev. Mr. Huntsberger officiating. Mrs. Davy, who was aged 89 years, formerly lived in Bladensburg, but moved to Stark county some years ago. It was her desire to be buried in Canton and her remains were kept since last Wednesday, but the poor train service caused by the floods prevented the wish being carried out.

PATRICK MORIARITY

Patrick Moriarity an old soldier and an inmate of the National Soldiers' Home at Dayton, who has been here for a few days on a furlough, the guest of Mr. Wm. Murphy, died Tuesday afternoon at the home of Mrs. Daniel Madigan, 206 Monroe street of ailments peculiar to advanced age, he being 76 years old. He was unmarried. The funeral will be held Thursday morning at 9 o'clock and the body will be interred in Mt. Calvary cemetery.

MRS. JOHN R. JOHNSON

Mrs. Amy L, the wife of John R Johnson, a glass blower at the Everett factory, died at her home, 300 Hudson avenue at 5.20 Tuesday afternoon after an illness of three months duration with induration of the stomach. The deceased was 54 years of age. The remains will be taken on Pan Handle No. 20 Wednesday evening to Bridgeton, N. J., short services being conducted by Rev. T. L. Kiernan at the home at 7 o'clock. The deceased left a husband and four children all living in Newark. The later are Mrs. Minnie Peterson, Victor W., John L and Wm. T. Johnson.

YONGAMPO PUT TO THE TORCH

A Russian Settlement in Korea Destroyed.

Official Report from Russian Commander Today Tells of Another Skirmish.

St. Petersburg, April 6—(Bulletin)—Yongampo has been destroyed by the Japanese by being put to the torch.

ANOTHER SKIRMISH.

St Petersburg, April 6—An official report from General Kuropatkin, the Russian commander in chief, brings news of another skirmish between the Japs and Russians near Wi Ju. He says the Japanese had five officers killed. The Russians had everal men wounded, but none killed.

General Kuropatkin states that the news of the fight came from General Kashtalinsky, who is stationed near Turenchan, on the island of Matutsea, not far from Wi Ju. The Russians were the aggressors, volunteers making the attack.

Yongampo, which was destroyed by the Japanese, was a Russian settlement in northwestern Korea. The Japs put the place to the torch.

WILL EDWARD INTERVENE?

London, April 6—A Wei Hai Wei dispatch to the Times today says the following wireless telegram from the Times correspondent at sea has been received:

"I have been cruising in the vicinity of Port Arthur for fifty hours. The situation is extraordinary, inasmuch as there has been no evidence of hostilities beyond the searchlight on Golden Hill fort at night."

The Times today prints other telegrams saying that King Edward may intervene and that the Czar will accept his good offices.

ENGINE BLEW UP

Hinton, W. Va., April 6.—The engine of an east bound freight train on the Chesapeake and Ohio railroad, blew up near Wiggins this morning. Engineer B. W. Bailey and Brakeman J H Wells were scalded, but not seriously. The accident was probably caused by letting the water get too low. Both tracks were blocked several hours.

Miss Alma Hilliard, daughter of Attorney J. V. Hilliard of this city, who is engaged in teaching music in the Conservative of Music at Lima Ohio, according to the Lima Times-Democrat, entertained her music pupils very prettily on last Thursday afternoon. A choice musical program was rendered, and was very much enjoyed.

BOILS

PYRAMIDS OF PAIN

Most Plentiful and Troublesome During Spring and Summer.

It takes warm weather to bring out the hidden impurities, humors and poisons in the system and stir up the sluggish blood, and this is why boils are so common in Spring and Summer. They sometimes come singly, but oftener in pairs and triplets, and even in bunches and clusters, and generally upon the tenderest part of the body. They are the most painful of all skin eruptions, and the blood is in a turmoil, and the system in a feverish commotion from the time these volcanoes of misery begin to form until they burst and the matter is all discharged. But lucky is the unfortunate sufferer who gets off with only one boil, for even if another does not follow immediately, the poison that is left in the blood is bound to collect somewhere else and break through the skin, and these pyramids of pain may be coming and going all through the Spring and Summer.

Some people have an idea that boils are good for the health, that they are evidences that the blood is too rich, but nobody's blood ever gets too rich; neither are boils conducive to health. Impoverished or polluted blood, or a riotous, feverish condition of this vital fluid causes boils, carbuncles, and other dangerous skin eruptions.

Long-continued sickness leaves the blood too weak and sluggish to throw off the bodily impurities and relieve the system of the waste and refuse, which then concentrates at some spot and a carbuncle or boil is the result. To one already enfeebled by disease boils seem to come with more frequency, causing the intensest pain and greatest danger to the already weak and debilitated sufferer.

BOILS FOR OVER 15 YEARS.

Gentlemen:—For over fifteen years I have suffered more or less from Impure Blood. About a year ago I had a boil appear on my leg below the knee, which was followed by three more on my neck. I saw S. S. S. advertised and decided to try it. After taking three bottles all Boils disappeared, and I have not been troubled any since. I feel deeply indebted to S. S. S. for the excellent health I am enjoying, as I have not felt so well in twenty years. You have certainly placed me under many obligations, and I must say that I will always have great faith in S. S. S.

GEO. G. FERTIG,
114 W. Jefferson St., Louisville, Ky.

All skin eruptions, from the sometimes fatal carbuncle to the spiteful little cat-boil, are caused by bad blood, and the only way to avoid or get permanently rid of them is to purify and build up the deteriorated, polluted blood, and counteract the humors and poisons, and nothing will do this so quickly and thoroughly as S. S. S., which is the acknowledged king of blood purifiers and greatest of all tonics.

Where the blood has become impoverished and is poor and thin no medicine acts so promptly in building it up and restoring its richness, purity and strength. The time to cure a boil is before it develops, when it is in a state of incubation or formation in the blood, for boils are, after all, only the impurities and poisons bubbling up through the skin, and this will continue in spite of poulticing and lancing till the blood gets rid of its accumulated poison. The way to stop boils is to attack them in the blood, and this is what S. S. S. does. All danger of boils is past when the blood has been thoroughly purified and the system cleansed of all morbid, impure matter. If you are subject to boils, then the same causes that produced them last season will do so this, and the sooner you begin to put your blood and system in good order the better the chance of going through the spring and summer season without boils or other painful and irritating skin eruptions.

S. S. S. is guaranteed purely vegetable, and can be taken with perfect safety by old and young, and without harm to the most delicate constitution. It is mild and pleasant in its action, and unequalled as a cure for boils and kindred eruptions.

Write us if you would like advice from our physicians or desire any special information; this will cost you nothing.

A WAYSIDE TEA HOUSE IN PICTURESQUE JAPAN.

Quaint, picturesque and decidedly attractive are the wayside tea houses in Japan where the tourist pauses to sip the fragrant brew. The one shown in the cut is situated in a grove of cherry trees all in bloom, and as the Japanese do not care for chairs the tables serve as both tables and chairs. The geisha girls officiate as waiters, and also sing and dance for the amusement of patrons.

KNOWS THE JAPANESE.

General Linevitch, Who Fought Beside Them In the Boxer Uprising.

Lieutenant General Linevitch, who until the advent of Kuropatkin was in command of the Russian land forces in Manchuria under Viceroy Alexeieff, is an officer who has distinguished himself in nearly all of Russia's campaigns of recent years in the far east.

General Linevitch first made his name known while serving under Skobeleff in his campaigns against the Turcomans and in the Turco-Russian

war. For meritorious conduct at Plevna he was made a colonel and presented with a gold sword of honor. He also knows the fighting qualities of the Japanese soldier as well as any man in the czar's service, having had opportunities to study them during the Boxer uprising of 1900. As senior officer he commanded the allied troops, 22,000 strong, when they left Tientsin for Peking. Under him, besides the Americans, British, French and Russians, were two famous Japanese commanders, General Yamaguchi and Major General Fukushima, each of whom led a brigade of 6,000 men, who were not surpassed by the troops of any other nation in the fighting which took place for the relief of the legations.

When the present war broke out General Linevitch was directing the movements of the three Russian army corps which at the time occupied Manchuria, and was also governor general of Amur. What part he will take in the war operations under General Kuropatkin has not yet been made known, but it is extremely probable that he will be given an important command. His knowledge of Manchuria, in which he has spent several years, will make him especially valuable to General Kuropatkin.

BRITISH BRIEFS.

The 6,581,000 inhabitants of Greater London live in 928,008 houses.

The English borough of Newark has the tallest mayor in Britain. He is six feet five and one-half inches in height.

The so called Black country in England is to be made beautiful again by sowing the seeds of trees over the vast areas of furnace refuse and iron and coal waste.

The average age of death of workingmen in east London is about twenty-nine, whereas in the well to do districts of west London the average age is about fifty-five.

The authorities at Edinburgh offered a half crown to every one who would be vaccinated, and the rush was something awful. The Scotch officials thought it was a canny idea.

LIFE AND DEATH.

Europe loses 86,592 lives a year by accidents.

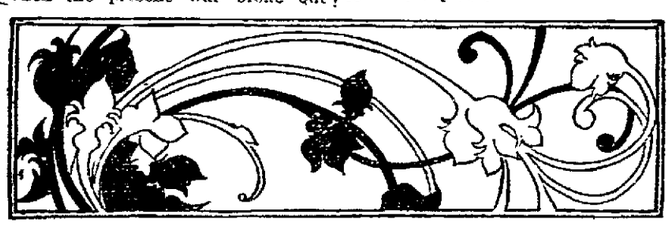
Only 900 persons in every million die from old age.

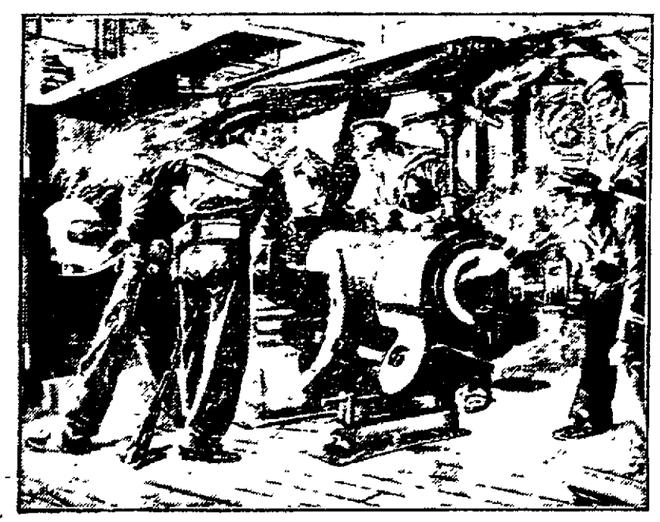
Of the 42,590 cases of smallpox reported by forty-four states in 1903, 1,612 were fatal.

Antitoxin treatment for diphtheria has reduced the death rate of that disease from 25 to 7 per cent.

Fifty-nine per cent of the deaths from consumption are between the ages of forty five and sixty years, while only 12 per cent of such deaths are of persons over sixty years of age.

In the United States the annual mortality for railroads is one person killed for every 1,052 employees; coal miners, one person in every 744 employees; seamen in merchant vessels, one person in every 133.





JAPANESE SAILORS WATCHING THE EFFECT OF A SHOT.

The "man behind the gun" on a Japanese warship is a wary little fellow who shoots very well and has no fear of death. In the cut a gun crew on the Asama is watching the effect of a shot upon a distant Russian ship. Japan has about 32,000 men in her navy, and they are thoroughly posted on all the fine points of modern warfare on the sea.

Save Your Daughter

No. 185 West 88th Street,
New York City, N. Y., April 3, 1903.

Wine of Cardui has been a blessing to my home. I have often found that it was a great relief when I was weary or in pain, but I am especially grateful for what it did for our daughter and only child. I noticed that her menses were tardy and she suffered with headaches and giddiness, heaviness in the abdomen and about the loins. This seriously interfered with her studies and she had to discontinue several of them.

A visitor calling on me and discussing the matter suggested that I give her a course of your Wine of Cardui as it had relieved her daughter of a similar trouble. After my daughter had used it for five weeks I found a great improvement in her looks, health and behavior, in fact she was a different girl. The flow became regular and we have not had any difficulty since.

Lizzie M. Thompson

TREASURER, RATHBONE MEMORIAL ASSOCIATION.

WINE of CARDUI

Here the menstrual function had not been properly started and the unnatural condition was making the young girl an invalid. The headaches and giddiness, indicated something more than a mere temporary ailment. They were symptoms of a functional weakness which would become more and more aggravated as years went by. But Mrs. Thompson was ready to take advice for her daughter's welfare and she gave the little sufferer Wine of Cardui and now she is a well young woman.

If your daughter is sickly and frequently ailing the letter of this good mother contains the best advice you can follow.

Wine of Cardui is the menstrual regulator that cures nine cases out of every ten. Young girls, mothers and aged women find this tonic indispensable.

All druggists sell $1.00 bottles Wine of Cardui.

THE "KATY" TO THE FRONT.

Will Reserve Rooms for World's Fair Visitors.

The passenger department of the Missouri, Kansas and Texas railway has made a move of much interest and value to its patrons who desire to visit St. Louis during the World's Fair. It has established a bureau to supply the wants of visitors in the way of rooming accommodations. It has secured option to several thousand furnished rooms in St. Louis hotels and first-class private residences. All are inspected by a representative of the bureau. None but clean, first-class rooms in most desirable districts are accepted.

The M. K. & T. ticket agent at each city and station on its line are prepared to secure reservations in advance. "Katy" ticket agents will explain the plan. This arrangement no doubt will prove popular.

Those desiring accommodations should apply as far in advance as possible, as it will be difficult to reserve rooms on short notice.

An office of the bureau will be maintained near the Union station, St. Louis, at which quarters an efficient corps of clerks and uniformed messengers will be on hand to direct visitors to their rooms. The bureau will be prepared to furnish guides, chaperones, messengers, also cabs and automobiles to carry visitors to their quarters and express service for the transfer of baggage at reasonable rates. This will be recognized at once to be of special value to strangers and ladies without escorts.

"Katy's" ticket agents will be glad to give full information or you may write to George Morton, General Passenger and Ticket Agent, M. K. & T. Ry., St. Louis.

The regular meeting of the Granville council was held on Tuesday night with Mayor J M. Swartz in the chair. A number of bills were allowed, and Mayor Swartz read his budget, in which he recommended a number of improvements in the village. He also pointed out the danger of using old wells as sink holes, and thought that it was about time that some action was taken regarding a sewage system for Granville. The matter of constructing sewers was then discussed at considerable length, after which council adjourned to meet on next Tuesday evening.

The annual meeting of the lot owners of Maple Grove cemetery for the election of trustees and a secretary, resulted in the selection of J. B. Jones and M. M. King as trustees for three years and E. S. Reed as secretary for one year.

Miss Laura Green of Pitsburg, is the guest of her mother, Mrs. L. J. Green.

The first ball game of the season will be played on Beaver field, this place on Saturday afternoon, when the Ohio Medical University team will cross bats with Denison.

Prof. and Mrs Cole of Columbus, are the guests of Mrs. Cole's parents, Mr. and Mrs. E. M. Downer.

Fred Browne, who for some time, has been holding a responsible position in Indiana, made a short visit with his Beta Brothers in the village.

Miss Ruth McKibben, who has been quite sick for the past week, is able to be out again.

Miss Clara Davies, instructor of mathematics in Shepardson college, was called to her home in Newark on Wednesday by the sad intelligence of the the death of her brother, William, who died in the west.

Miss Soder of Oberlin College, who has been Miss Ransom's charming guest for some days, returned to school on Tuesday morning.

ST. PAULS CHURCH

Rev. J. C. Schindel Leaves for Pittsburg to Attend General Conference of Lutherans

Rev. Dr. Schindel, pastor of the St. Paul's church, left at midnight for Pittsburg, where he will attend the general conference of Lutherans in the United States. This is the most important conference of the church, inasmuch as every Synod of this largest Protestant church in the world is represented.

The Junior Luther League of St. Paul's church held a most delightful social session yesterday afternoon in the lecture room of the church. The lunch was served by the social committee under the direction of Mrs. Jas. Moore. This aggressive body of young Lutherans now numbers over sixty members in active service. Pastor Schindel will deliver an illustrated sermon before them next Sunday afternoon at 2 o'clock.

Beginning with next Sunday morning. Dr. Schindel will conduct in the senior Bible class a supplemental lesson for advanced scholars. These lessons contemplate a better knowledge of the Word and preparation for teaching in the school.

SIXTY MEN

Attended Meeting of Brotherhood of I. C. A. at the Y. M. C. A. Tuesday Night

Over 60 men attended the meeting of the Brotherhood of I. C. A. Tuesday evening at the Y. M. C. A.

Rev. Walter Scott Priest brother of Dr. S. C. Priest of this city, pastor of the Central Church of Christ of Columbus, was the guest of honor and delivered an entertaining and suggestive address on "Catching Men, Big Fish and Little Fish."

Light refreshments were served and all enjoyed a social time.

Nine new members were received into the Brotherhood which now has a membership of over 100.

Ordinary household accidents have no terrors when there's a bottle of Dr. Thomas' Eclectric Oil in the medicine chest. Heals burns, cuts, bruises, sprains. Instant relief.

The family of a dead Japanese soldier gets, roughly speaking, one-third of the pay of his rank. This would give the widow of a private $1.25 a month; of a first lieutenant $6.25; of a captain $8.33, and to the widow of a colonel $20 a month.

PIANOS.

We have a fine line of pianos, organs and New Home sewing machines, Victor talking machines and records. Also one square and one baby Grand second-hand Piano, very cheap, to be sold at once. Call and see us. Union block, 35 West Church street. R. I. Francis, manager. 3-16-mwf-tf

It is said that there are between 24,000 and 25,000 shops open on Sunday in London.

THRAILKILL

ARRESTED WEDNESDAY MORNING IN ST. LOUIS, MO.

Chief Sheridan Leaves to Bring Him Back to Answer the Charge of Embezzlement.

Harry Thrailkill, who is wanted in Newark on a charge of embezzlement of $1,500 from Dr. D. M. Smith, was captured Wednesday morning in East St. Louis, and Police Chief Sheridan left in the afternoon for the Mound City to bring Thrailkill back to Newark.

About 12:30 Wednesday afternoon Chief Sheridan received a telephone message from Chief of Police Keiley, of St. Louis, saying that a man was under arrest there on a description telegraphed by Mr. Sheridan to different cities in the country, and that he acknowledged he was Harry Thrailkill and was the man wanted at Newark. He said he would come to Newark and fix the matter up with Dr. Smith, but Keiley held him until he notified Mr. Sheridan. The latter told the St. Louis officer that he would come after Thrailkill, who had $3,000 on his person when arrested.

He said he would return to Newark without a requisition and there will be no trouble in bringing him back.

Tomorrow morning we will place on sale 300 pairs Ruffled Swiss Curtains at 27 cents per pair; also 200 five foot rugs at 93 cents.
